

Airbrush Tanning Before/After Care

- Take a shower, shave and **lightly** exfoliate with a non moisturizing scrub/bar or washcloth before tanning session
- If you condition your hair, do so **before** you scrub.
- After the shower, **do not apply** any deodorant, lotions, oils or perfumed products as it will create a barrier for the tan
- Arrive to session with no make-up (lipstick/balm ok), jewelry removed, hair pulled back, deodorant & lotion taken off
- The tanning solution contains a bronzer; so wear dark colored, loose clothing after session. If you have very light colored or leather seats, we recommend wearing longer pants or bringing a small towel to prevent the bronzer from possibly rubbing onto seats.
- Sandals or flip-flops are best to wear out {unless raining, then wear covered shoes}
- Please have your tanning attire on underneath your clothes & ready to go
- Most women airbrush tan topless & in a thong OR a strapless bra & underwear. If you are currently breast feeding, adhesive nursing pads or a strapless bra must be worn
- Men may wear boxers, briefs or swim wear.

- Results are best achieved if you **wait to bathe 8-12 hours** after your tanning session, preferably keep your tan on overnight
- **Do not shave** within 24 hours of your initial tan application
- **Do not exfoliate** the skin for 7 days as this will cause your tan to fade more quickly
- **Moisturize daily** after the first shower following your tanning session to make your tan last longer & fade evenly. The tan will last 7-10 days depending on: exfoliation prior to session, hydration and individual body chemistry.
- If your tan has started to break down, please exfoliate thoroughly before your next session. Use lathered exfoliating gloves to take off the leftover tan in a circular motion.

RAINY DAY SUGGESTIONS:

- We do not recommend an umbrella; bring a covered parka with sleeves and hoodie to fully cover your airbrush.
- Be covered head to toe! Please wear long loose dark pants, a long sleeve loose covered top, covered shoes and hoodie preferably.
